e-mail jkastler@lumcon.edu

Deadline: Sept 10 for workshop Sept. 21-23
Oct. 1 for workshop Oct. 12-14

Workshop Highlights:

- Learn ways to incorporate the science and culture of wetland loss into your classroom
- Spend time using hands-on tools provided: low-cost manual GIS, maps & aerial photos
- Spend a weekend at LUMCON with free room and board
- You be the student on a field trip led by LUMCON educators
- Learn about estuarine changes in water quality & practice sampling, graphing techniques
- Learn how LUMCON education is changing to provide more support in your classroom
- Receive approximately \$100 worth of materials
- Learn more about the Barataria-Terrebonne National Estuary Program (BTNEP)

Workshop Facilitators:

- Jean May-Brett (WETMAAP, LPB)
- Larry Handley (WETMAAP, USGS)
- Catherine Lockwood (WETMAAP, Chadron State College)
- Jessica Kastler (WETMAAP, LUMCON)

Workshop funded by
The Barataria-Terrebonne National Estuary Program (BTNEP) &
Louisiana Universities Marine Consortium (LUMCON)
